

Vote Republican June 3rd

Re-Elect

**MIKE
DEAN**

County Commission 3

**NEW JOBS, NEW ROADS
& NO NEW TAXES**

✓ 12,000 NEW JOBS

We are building big ships in our port, airplanes at Brookley Field and state of the art stainless steel. New job announcements are good for south Mobile County because more jobs mean more money to build roads, community projects and higher wages for your family.

✓ 300 MILES OF ROADS

Paving dirt roads, repairing roads, building new roads, and bridges might sound boring, but this is Mike's favorite part. Building a new road shows immediate progress and with the growth we have coming to Mobile, Mike Dean is ready to build and pave more roads than ever before!

✓ NO NEW TAXES

Unlike others, there is no question about where Mike stands on sales and property taxes. Mike voted against these tax increases in the legislature and on the county commission. Mike will not support any sales or property tax increase on your family!
